

CONSERVATION COMMISSION

MINUTES OF FEBRUARY 17, 2016

Attending: Anne Perry, Deirdre Strachan, MaryAnn Nahf, Paul Ciesielski, Burr Taylor, Wendy Batson

Absent: Ann Nemrow, Sue Vachon

Called to Order at 3:00 pm

Minutes approved from 2/3 and 2/12 meetings

Only two main agenda items were to be addressed at this meeting:

1. Consider the request for additional changes made at public hearing, particularly ordinance waivers
2. Reaffirm the ordinance voted on by commission

Considerable discussion took place over the language of the waiver. The final wording of waiver is as follows:

Section 7 Waiver for human health or substantial property damage

A waiver may be solicited by a licensed applicator from the Codes Officer. The Code Enforcement Officer may recommend a thirty (30) day waiver to the Board of Selectmen for their approval. Waiver approval shall be subject to the use of the least toxic material available. The Selectmen may solicit advice from the Conservation Commission.

A vote was held regarding the waiver (above) and the vote in favor was unanimous in favor the waiver.

Finally, Wendy outlined the progress of the Sea Level Committee.

Adjourned: 4:20 PM.

Meetings: March 2 at 3:00 PM.

Note: March 1, Public Forum on the Mitchell Field Project
March 12, Town Annual Meeting.

Scribe: Paul Ciesielski

*Note that the original notes of the meeting were accidentally deleted from the scribe's computer and reconstructed from memory, except for the wording of the waiver language.
